

Screenshots

To Run the Project

1. Install Flask

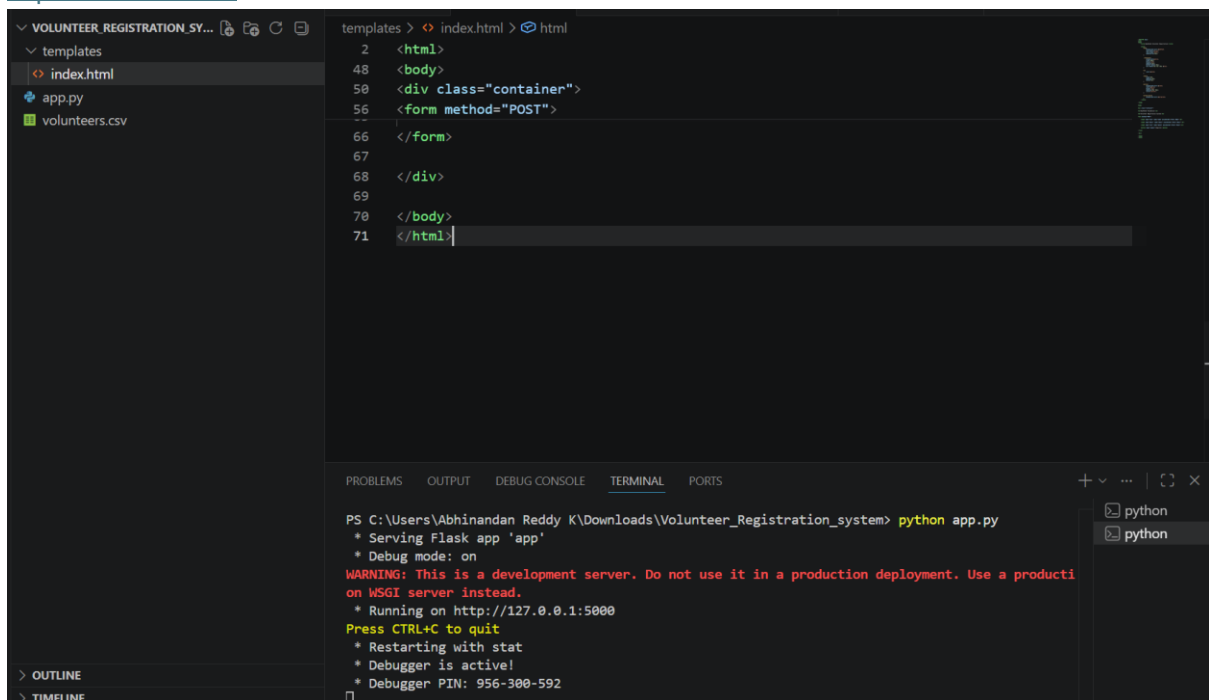

pip install flask

2. Run the Application

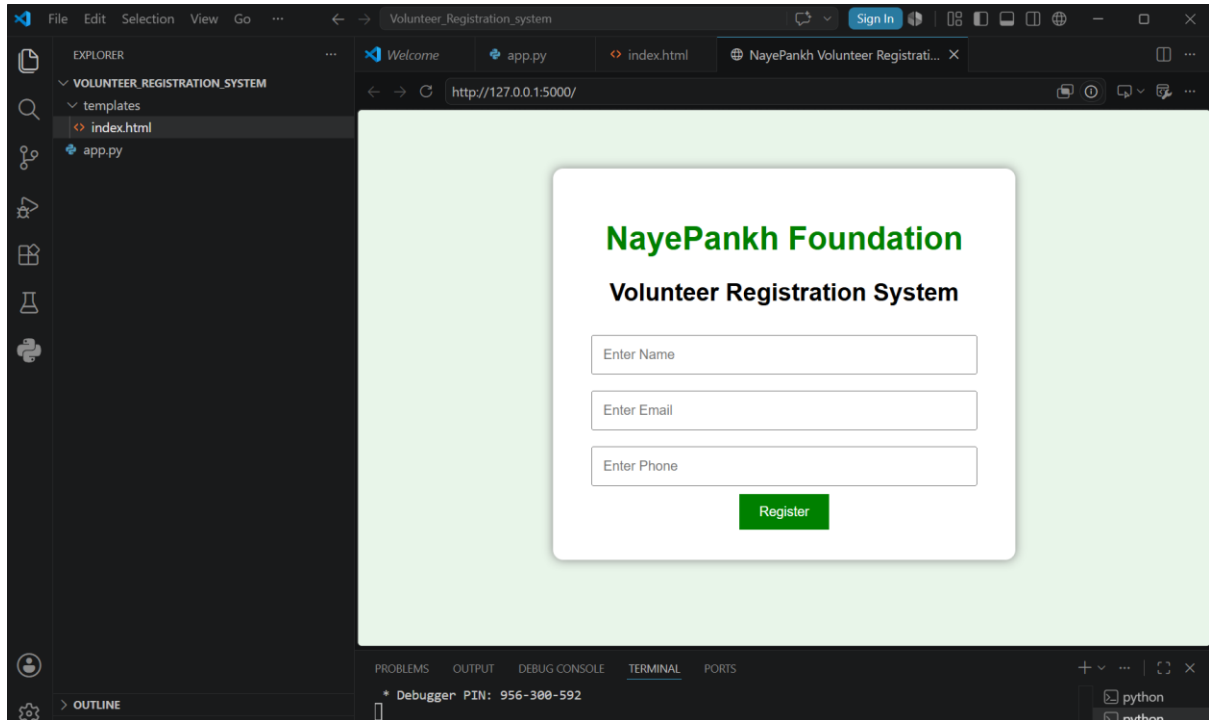

python app.py

3. Open in Browser

<http://127.0.0.1:5000>

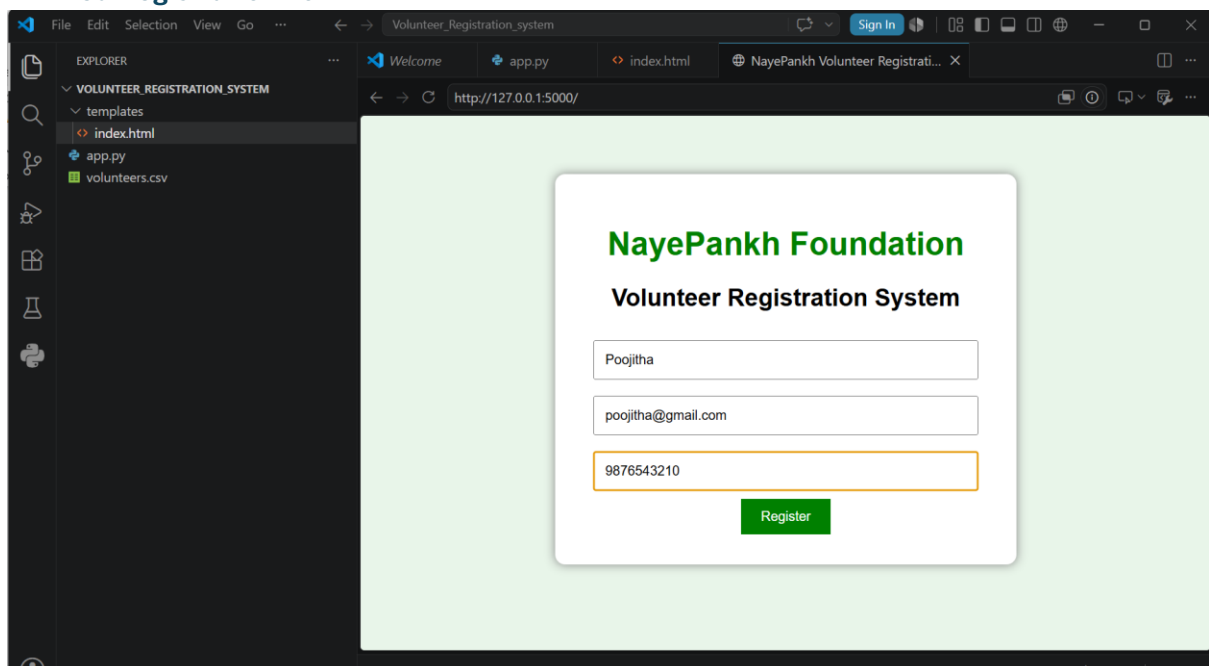

1. Home Page

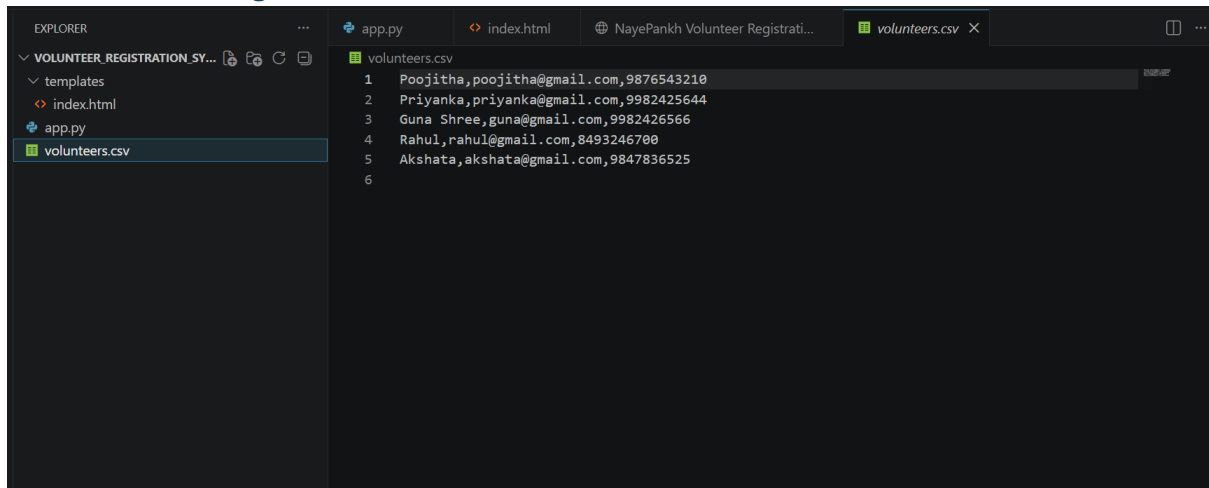

Shows the volunteer registration form with Name, Email, and Phone fields. This page demonstrates the user-friendly volunteer registration interface built using Flask.

2. Filled Registration Form

Shows sample data entered before clicking the Register button.

3. CSV Data Storage

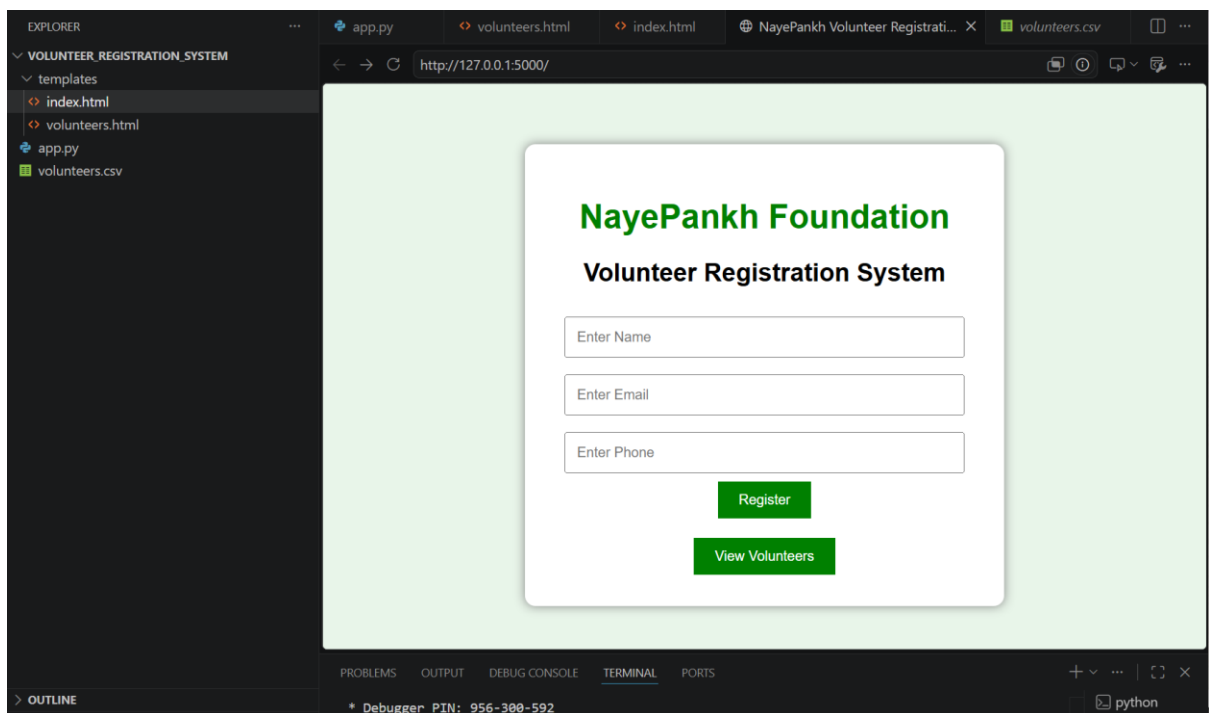

The screenshot shows the VS Code interface with the Explorer sidebar on the left displaying the project structure: VOLUNTEER_REGISTRATION_SY..., templates, index.html, app.py, and volunteers.csv. The main editor area shows the volunteers.csv file with the following content:

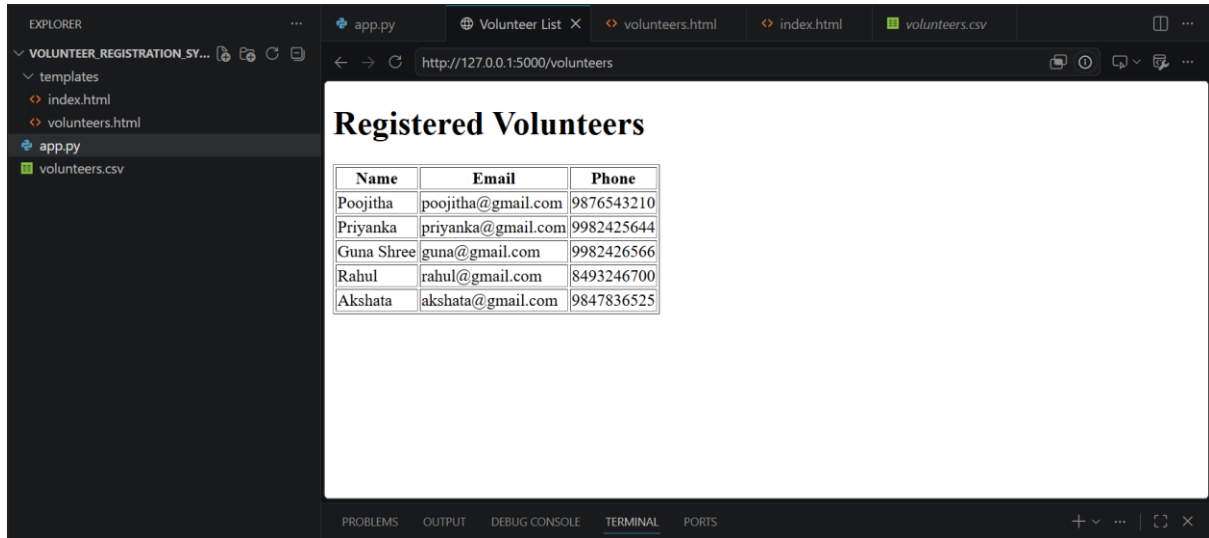

```
1 Poojitha,poojitha@gmail.com,9876543210
2 Priyanka,priyanka@gmail.com,9982425644
3 Guna Shree,guna@gmail.com,9982426566
4 Rahul,rahul@gmail.com,8493246700
5 Akshata,akshata@gmail.com,9847836525
6
```

Shows volunteers.csv file containing stored volunteer details.

4. View Volunteer

Volunteer Dashboard

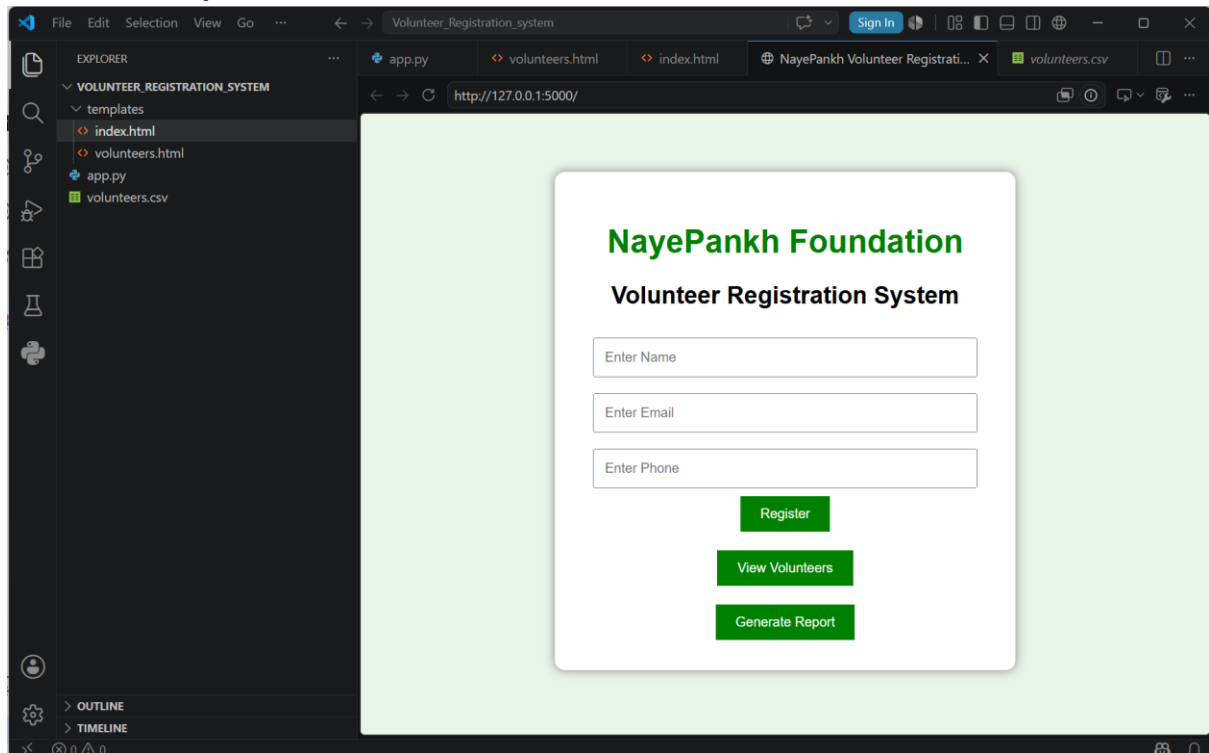

The screenshot shows a web browser displaying a page titled "Registered Volunteers". The page contains a table with three columns: Name, Email, and Phone. The table lists five registered volunteers. The browser's address bar shows the URL "http://127.0.0.1:5000/volunteers". The background shows a code editor with files like "app.py", "volunteers.html", "index.html", and "volunteers.csv".

Name	Email	Phone
Poojitha	poojitha@gmail.com	9876543210
Priyanka	priyanka@gmail.com	9982425644
Guna Shree	guna@gmail.com	9982426566
Rahul	rahul@gmail.com	8493246700
Akshata	akshata@gmail.com	9847836525

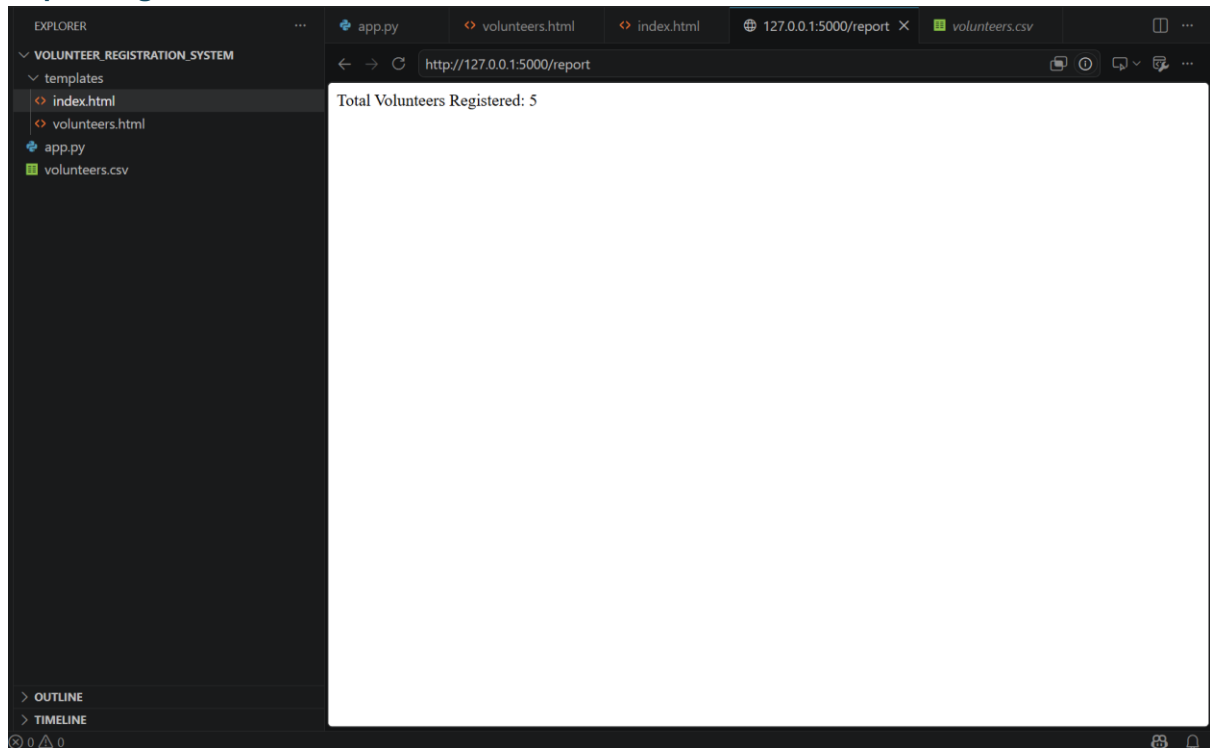

Shows all registered volunteers in a table format

5. Generate Report

The screenshot shows a web browser displaying a page titled "NayePankh Foundation Volunteer Registration System". The page features a registration form with three input fields: "Enter Name", "Enter Email", and "Enter Phone". Below the input fields are three green buttons: "Register", "View Volunteers", and "Generate Report". The browser's address bar shows the URL "http://127.0.0.1:5000/". The background shows a code editor with files like "app.py", "volunteers.html", "index.html", and "volunteers.csv".

Report Page

Shows total number of volunteers.
